A top-down view of a person's feet on a white platform scale. A yellow sticky note is placed over the scale's dial, which shows a weight of approximately 8. The text on the note is handwritten in black marker. The scale has a grey frame and a circular dial with numbers 6, 7, 8, and 9 visible. The person's feet are positioned on either side of the scale's platform.

**Explicit
Number**

The diagram shows a vertical container defined by two vertical lines. A horizontal line crosses the top of the container. Inside, three rectangular slots are stacked vertically. The top slot is empty. The middle slot contains the word "Slots" in bold black text. The bottom slot is filled with solid black.

A's Activity

The diagram consists of two vertical lines that define two columns. A solid horizontal line is at the top, and a dashed horizontal line is below it. The space between the solid and dashed lines is labeled 'A's Activity'. Below the dashed line is another dashed horizontal line, and the space between these two dashed lines is labeled 'B's Activity'. The word 'Swimlanes' is written in large, bold letters at the bottom of the diagram.
